

WOMEN'S HEALTH ASSOCIATES
of RICHARDSON

August 1, 2022

Dear Patient,

I have reached the very difficult decision to move away from private practice starting in September. It has been my very great honor and pleasure to serve as your physician but changes in my own life mean freeing up more time for my family.

Dr. Meghan Drake is taking over my clinic and we have a second physician, Dr. Jolaiya Faturoti starting as well. I hope you will consider giving one of them (or another doctor in our clinic) the opportunity you once upon a time gave me. I will be available to them should they have questions about any care plans already in place. I will be continuing with some of my administrative duties so if you see me at the office, please feel free to say hello.

Thank you for the trust you have placed in me over the years, and I wish you all the best.

Carol Norton
